Map to Lake Livingston

How to get to Lake Livingston

Whether you are coming from Dallas or Houston, Lake Livingston is easy to find. If you notice on the map, there is 2 main highways that are near Lake Livingston. You can take I-45 or Highway 59. Although there are several ways to get to Lake Livingston, I suggest either of these highways. Exit on 190 from either highway. If you are on 1-45, you will want to go east on 190 at Huntsville. If you are on 59, you will want to go west on 190 at Livingston. You will run into Lake Livingston at Onalaska. Onalaska is not the only town located on Lake Livingston. You will find signs for many of the towns off of 190.
